RESOLUTION AMENDMENT

C-5 Counselor Access and Confidentiality

The Nevada State Education Association believes that every student should have unrestricted access to a school guidance counselor.

RATIONALE: According to the American School Counselor Association, "historically, the term "guidance counselor" was used to refer to counselors working in the schools. This term has evolved to "school counselor" as the scope of duties has changed and evolved. Although some schools still used the outdated "guidance counselor" term, the American School Counselor Association encourages the use of "school counselor" to more accurately reflect the role."
